December 2005 Newsletter

DECEMBER 15, 2005 (Thursday evening)

We are excited to have Bobby Watts and Michelle McAfee from Watts Farm with us for our December meeting. They will be sharing their Embryo Transfer (ET) process and successes.

Even if you don't have future plans in ET this will be a very interesting and educational night. We will be meeting at the Kenton County Durr Extension Office in Independence at 7pm.

For directions, contact Barbara Brown (859-356-2478 or goats@atwoodacres.com) or the Extension office (859-356-3155).

January 17, 2006 Meeting

We will hold nominations at our January meeting. Please be thinking about what role you would like to play in the NKGP for next year. There will be several positions opening including President, Vice President and Secretary. Elections will take place at the annual banquet in February. If anyone is interested in serving as nominations chairperson, please contact Barbara Brown.

Web Site Changes

If there are any changes or additions that need to be made to member profiles, please contact our webmaster, Timothy O'Connell. <mailto:PMGFarm@insightbb.com>

Keep in mind that there is also classified space on our website. Members can post animals or farm related items there at no charge.
